coMotion™ by Gremlin™

The original trail blazing smash hit by Gremlin that plays standing up . . . or sitting down!

DESIGNED FOR PLAYER APPEAL! screen that's ALIVE with bright fast-moving action . . . even when it's not being played, its advertising sequence COMMANDS attention! Irresistible SOUND! Easy to learn, and CHALLENGING! No two games are alike. The speed of play increases as the action progresses adding to the excitement and challenge . . . an original Gremlin feature.

DESIGNED FOR LOW MAINTENANCE! Gremlin-clean electronic design and layout. Rugged Motorola monitor. Any major system component can be REMOVED IN LESS THAN 60 SECONDS. Gremlin features include anti-alarm switch and static protection.

DESIGNED FOR YOUR CONVENIENCE! Unique E-Z ADJUST™ CONTROL PANEL right inside the coin door is at your fingertips, for no-fumble setup of game length or to kill the "BOOM" sound during advertising. Another performance achievement of Gremlin's solid, common sense engineering.

2, 3, 4 PLAYER STANDUP

Ideal for arcades, lobbies and wherever standup players gather. The bright and classy design is attractive in any location.

coMotion 2

2, 3, 4 PLAYER SITDOWN

A comfortable sitdown style table. The durable wood grain cabinet, stainless fittings and sturdy base compliment location decor.

coMotion™ by Gremlin™

The biggest coin collector of them all!

Game Action:

NAVIGATE!
"Steer" your arrow by means of four control buttons. Powerful appeal is based on natural responses that are universal and simple

SURVIVE!
Don't get "boxed in" . . . and don't RELAX . . . your opponents are out to get you!

CONQUER!
Head your opponents off, box them in, and FORCE YOUR OPPONENTS TO CRASH! Each player starts with 3 or 4 arrows preset for length of game; each time a player crashes he loses an arrow. The player with one or more arrows remaining at the end of the game WINS and the screen flashes to announce the winner.

It's designed to make Profits for You

Specifications:

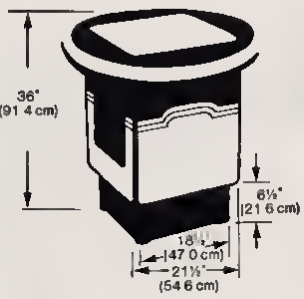
SOLID STATE
Uses 19" solid state Motorola TV monitor. AC, 100-115V-230V, 50/60Hz, 130W, 3-wire cord with safety interlock on game access door; grounding required.

WEIGHT
coMotion No. 1 . . . . . 170 pounds
coMotion No. 2 . . . . . 165 pounds

SIZE

coMotion No. 1

coMotion No. 2



Features:

E-Z ADJUST™
E-Z ADJUST™ control panel mounted conveniently on inside of coin door. Quickly adjust (1) length of game; (2) sound volume during play; (3) sound ON or OFF during advertising sequence.

SAVES SERVICE
If outside interference such as static charge or line voltage variation causes the monitor screen to scramble, depositing a coin instantly recycles the entire system. This feature saves many service calls.
